1 AQUASURE TABLET

A POCKET SIZE FACTORY

Unique “2 in 1” water treatment tablet

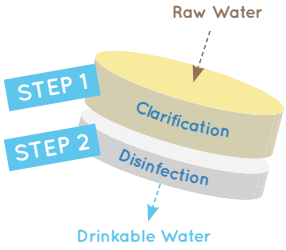

The innovation consists of a **double** layered tablet allowing the treatment of unclean contaminated water by the means of a **sequential double action.**

Specially designed to treat muddy contaminated water

Intelligent tablet :

- **2 steps:** Firstly by flocculation
  Secondly by chlorination
- Patented sequential actions

Efficient like a pocket size factory

With a wide spectrum of efficiency : turbidity, pH, temperature.

= 200 L = 150 tablets

6 kg = 6 trucks x 5 tons
